

## Leak detector for Methane **SNIFFER®-bc flex**

The **SNIFFER®-bc flex** is a low cost instrument for the easy and quick detection of gas leaks. It can be used by specialists (gas fitters) as well as untrained people. Thanks to its flexible probe it is very easy to make measurements at hard-to-reach places.

The instrument meets the requirements of EMC and CE.

### Specifications

Range:	up to 20% LEL Methane
Sensor:	Semiconductor
Alarm:	3 LED and loudspeaker
Working temp:	- 25 °C ... + 40 °C
Power:	4 x 1,5 V batteries or NiCd-accumulator
Dimensions:	80 x 100 x 25 mm (probe: 300 mm)
Weight:	145 g (without batteries/accumulator)

### Delivery

- **SNIFFER®-bc flex** with integrated sensor
- 4 x 1,5 V batteries

**Also available with propane or hydrogen calibration**

**Item-No. 6171                      SNIFFER-bc flex, leak detector with flexible probe**
